Reconstruction Committee at Work on a New Plan.

REDUCTION IN INTERNAL TAXATION.

Meeting of Southern Republican Association.

THE INVESTIGATION INTO THE CURRENCY BUREAU.

Grand Lobbying Scheme Proposed.

CONDITION OF THE FREEDMEN IN MISSISSIPPI.

WASHINGTON, January 31, 1867.

REPORT FROM THE RECONSTRUCTION COMMITTEE.

The Reconstruction Committee is expected soon to make report on several plans now before them looking to the re-habilitation of the Southern States. Their views have not, however, yet taken definite shape. There seems to be no doubt that some provision will be adopted by which to avoid the effect of any possible recognition of the Southern States, in their present condition, by the United States Supreme Court.

INTERNAL TAXATION.

Amendments to the Internal Revenue laws are now under consideration by the Committee of Ways and Means. It is probable many articles for the benefit of agriculturists, and others, will be exempt from such tax, such as salt, butter and cheese, made by associated enterprise, leather and farm wagons.

SOUTHERN REPUBLICAN ASSOCIATION.

The *National Intelligencer* gives an account purporting to be the proceedings of the Southern Republican Association, held last night, at which twenty representatives of States took part in a discussion in favor of holding a convention at Washington, on or about the 4th of March next, to urge the impeachment of President Johnson as the only hope of the South for a speedy reconstruction.

A GRAND LOBBYING SCHEME.

A citizen of New York, whose office is on Wall street, has issued a confidential circular to the national banks, proposing to come to Washington and lobby for them, if they will contribute at the rate of one dollar on each thousand of their circulation for his expenses. If all the banks could be persuaded to join in such an arrangement it would yield him the snug little sum of three hundred thousand dollars. National banks should beware of all such benevolent offers.

FREEDMEN IN MISSISSIPPI.

The report of Brigadier General Gillem, Assistant Commissioner of the Freedmen's Bureau for Mississippi, showing the condition of the freedmen's affairs in that State, during December, has been received. He states the demand for labor is so great that freedmen are being brought from other States to Mississippi, where they can contract at $10 to $15 per month, rations, quarters and medical attendance included. During the month of December there were 7,909 rations issued, being an increase of 139 over the issue for November. The freedmen show no spirit of idleness, and planters are anxious to secure laborers. School matters seem to be progressing finely, and a growing interest is manifested which promises to be of permanent service. Two fruitful sources of dissatisfaction to freedmen are laws prohibiting them carrying fire-arms and owning real estate.

THE TAX BILL.

The Committee on Ways and Means at their meeting to-day, while considering the amendatory tax bill, agreed to abolish the tax on newspaper advertisements. It is understood the bill will be reported within the next ten days. The tax on a large number of articles will be considerably reduced, in order to lessen the general revenue from internal sources.

THE CURRENCY BUREAU.

The work of the Currency Bureau of the Treasury Department was resumed to-day, the Board of Examiners having completed the count of current issues, which was found to be correct. The amount which the Examiners have counted is nearly $800,000,800.

ROLL OF HONOR.

Another roll of honor is published by Quartermaster General Meigs, at the instance of the Secretary of the War, being the names of soldiers who died in the defense of the Union, and are interred in the cemeteries of the States of New York, Wisconsin, Pennsylvania, Iowa, Maryland, Missouri, North Carolina, Arkansas, Kansas and Dakota Territories. The publication of this pamphlet, of over twelve hundred names, is for the information of their surviving comrades and friends.

ARMY BULLETIN.

Brig. General F. D. Seward, recently despatched, by order of Major General Howard, to make an inspection of the District of North Carolina, has returned to headquarters at Washington.

Lieut. J. W. Stickney has been ordered to duty, in connection with the Freedmen's Bureau, in Tennessee.

The special order of the War Department mustering out of service Lieut. Col. Beebe, 128th colored troops, has been revoked.

The order issued by the Secretary of War, carrying into effect the law abolishing the office of Sutler, goes into effect after July 1st, next.

LAND GRANTS.

Instructions have been prepared by the Commissioner General at the Land Office to govern registers, receivers and agents, of States and corporations in the selection of lands under grants from Congress, for Railroads.

CLAIM FOR DAMAGES.

A memorial was presented to the Senate to-day, from Senor De Palma, Vice Consul of Portugal, at Savannah, during the rebellion, claiming remuneration for property taken by General Sherman's army. He had removed his family to Wynnsboro, South Carolina, where, as he alleges, they were plundered of six thousand dollars in gold and diamonds, jewelry and wearing apparel to the total value of thirty-two thousand four hundred and seventy-four dollars. He complains that his application for redress failed to receive proper consideration at the State Department.

INDIAN DELEGATION.

A delegation from fourteen tribes of Indians waited upon Commissioner Bogy today to ascertain what disposition is to be made of the lands they now occupy, besides certain interests which they hold in others. The Commissioner not being prepared to hold a business interview at present, briefly welcomed each delegation, expressing to them separately an outline of his views on the subject of their mission to Washington. Among those present was Keokuk, who, after the termination of Mr. Bogy's speech, approached the Commissioner and, through an interpreter, expressed his willingness to adopt such views as the Commissioner had prescribed.

THE SPEAKER'S RECEPTION.

The Speaker's Reception to-night was more crowded than any previous occasion. General Grant was amongst the most prominent personages.

[From the Herald Correspondence.]

Commissioner Rollins was in conference with the Ways and Means Committee on Wednesday, in regard to the Internal Revenue tax. Thus far they have passed on but a few articles which it is proposed to put into the list. The Commissioner informed them that there was a great falling off of the revenue receipts within the last sixty days, and from present indications it was likely to diminish still more during the next six or nine months, on account of the general stagnation of business. The Committee have, therefore, decided not to pass upon any article until they get the tariff bill, and then it is likely but little, if any, reduction will be made on the leading articles.

The Sub-Committee is still engaged in examining into the whisky tax. It will be some days before they will be ready to report. Commissioner Rollins is in conference with them every evening. He is opposed to making any reduction at present, and favors stringent legislation, believing it will put a stop to frauds. The Committee, however, are very much divided on the question, and it is doubtful whether they will recommend it.

[From the Times Correspondence.]

Some idea may be formed of the frauds perpetrated by smugglers, from the fact that a special agent sent to the frontier to investigate them, was able to make arrangements with twenty-two custom houses officers out of twenty three in the district, for smuggling goods into the United States.

The President has nominated to the Senate Hon. R. H. Hulburt, to be Comptroll of the Currency.

The Ways and Means Committee have added tanned leather to the free list.

[From the Tribune Correspondence.]

Quite a number of leading Southern men are in the city arranging a new plan of adjustment which has been approved by a number of Republicans, based upon the Constitutional Amendment.

The President has recently said to a number of persons that the worst thing he ever did in his life was to pardon Mayor Monroe, of New Orleans.

One of the most important cases yet presented to the Court of Claims, is that for two million dollars damages against the Government, for the seizure by the war department in 1856 of a large tract of land at the cascades of the Columbia river, in Washington territory, since occupied as a military post, and belonging to George M. Johnson.

[From the World's Correspondence.]

The Department and Congressional investigation of the Treasury Printing Bureau continued on Wednesday, and although no actual fraud has been discovered, there have appeared some discrepancy in the accounts which may be explained away.

It may be safely asserted, that notwithstanding the voluminous testimony taken by the special committee investigating the New Orleans riot, but few additional facts have been developed. The Chairman is already making up his report, which will, of course, be made to reflect severely on the President. It will state, however, that the Committee do not propose to recommend the impeachment of the President.

THIRTY-NINTH CONGRESS.

(SECOND SESSION.)

LENGTHY DISCUSSION ON THE TARIFF BILL.

Its Passage by the Senate This Morning---Ayes 27, Nays 10.

TARIFF BILL.

The tariff bill was taken up.

The duty on cast iron pipe, was increased to 1¼ cent per pound; on chromate and bychromate of potassa, to 4½c. per pound.

The duty on woolens of less value than one dollar per pound, was fixed at 45 cents, and 35 per cent. advalorem; when valued at less than $1,50 per pound, 50 cents per pound and 40 per cent. advalorem; and when valued at over $1,50 per pound, 50 cents per pound and 35 per cent. advalorem. Yeas, 19; nays, 15.

In the course of the debate on the foregoing, Mr. WILSON said the pending bill was a western measure, originating in the brains and pockets of wool growers.

Mr. GRIMES said, on the part of the West, which he represented in part, he was here to-day to deny that assertion. The West did not want this tariff, and would not remain quiet under it.

The section of the bill allowing drawbacks on all articles that enter into the construction of ships was amended so as not to apply to steam vessels.

Mr. SHERMAN explained the necessity of this amendment; if it was not adopted, steamboats and vessels for service on the lakes and western rivers, would be built entirely of foreign materials, and government would not receive any revenue from them.

Several amendments were offered and rejected.

On motion of Mr. SHERMAN, railroad companies were authorized to import iron for their roads for two years; this provision is for the benefit of the Pacific Railroad, which by existing laws is compelled to use American iron.

On motion of Mr. SPRAGUE, animals imported exclusively for breeding purposes, were placed on the free list.

The duty on files and rasps over ten inches long, was raised to eight cents per pound.

Judge Kreckel, took the ground that the Civil Rights Bill was intended to afford protection to freedmen who had been slaves, and did not include white citizens, and that if it were otherwise, there was no evidence adduced to show that any rights of complainant had been invaded by defendant, or that the courts of Lafayette county were not open to afford them redress. Commissioner Peabody, who was present during the examination of the witnesses, coincided with Judge K., and released the other prisoners arrested at the same time.

FROM NEW ORLEANS.

Gen. Sheridan on His Way to Washington—Tax on Gross Sales Declared Unconstitutional—From the West Indies.

NEW ORLEANS, Jan. 31.—Gen. Sheridan, and Col. Crosby, of his staff, left for Washington to-day.

The act passed by the Legislaturs of 1864, levying a tax of one fourth per cent. on the gross sales and receipts, has been declared by Judge Duplettier unconstitutional, as it levies a tax on imports and exports, thus coming in conflict with the provisions of the Constitution. The decision gives great satisfaction.

West India advices state the cholera is decreasing at St. Thomas, but small-pox and yellow fever are raging.

The Governor General of Jamaica left on the 12th for Honduras, with troops to suppress the insurrection.

Westmoreland County in the Penitentiary.

From the Westmoreland *Republican and Democrat* we take the following concerning the representatives of that county in the Western Penitentiary during the year 1866, based on a bill rendered to the County Commissioner, from the Inspectors of the prison, for the year 1866. The total number of days charged against the county is 3,407, at twenty-six and one-half cents per day, amounts to $902,86. A credit, by labor, of $340,70 is given, which leaves a balance due the Penitentiary of $562,16. The twenty-six and a half cents per day includes provisions, medicines, clothing, fuel, &c. The number of convicts is fifteen, all males, two on charges of rape, nine years each, to date from November 21st, 1862; twelve charged with larceny, sentenced to serve from one year to five years; burglary, one, three years, from May 26th, 1856. Two convicted and sentenced were pardoned by the Governor.

Acquitted.—Conductor Logan, of the Pittsburgh and Fort Wayne road, was tried at Beaver last week, for involuntary manslaughter. He was conductor on a train of cars on the railroad, from which, last fall, at New Brighton, a little boy, seven or eight years of age, was thrown by the sudden backing of the train and killed. The evidence showed no culpabiltiy on the part of the Conductor, and he was discharged.

Special Meeting of the Allegheny Councils.

After the special meeting of the Allegheny Councils, on Tuesday evening, a mistake in the count of votes for Weighmaster in the Second ward was discovered, and a special meeting for the purpose of going into a second ballot was ordered for last evening.

SELECT COUNCIL.

Members present; Messrs; Irwin, English Hall, Myler, Patterson, A. D. Smith, J. B. Smith, C. C. Smith, Wm. Smith Thomas, President Mc Brier.

On motion the action of the Common Council respecting the publication in phmphlet form of the reports of the City officers and standing committees for 1866, was concurred in.

The clerk of Common Council announced that that branch of Council, was ready to meet the Select Council in joint session for the election of a Second ward Weighmaster.

After the return of the Select Council to its own chamber, the report of the Commissioners of sewers was presented with plans.

A motion was made to approve the report, and much discussion ensued.

A resolution was offered to place the report and plans in the City Regulator's office, there to remain ten days, public notice being given by the Regulator through the papers meanwhile, so that all may examine them and make known their objections. The motion was argued at length, several of the members insisting that the report be approved at once, and leaving all appeals to be made to Court, while others considered that the people have a right to know what assessments have been made on them before the action of the Councils be made irrevocable.

The question was called for, and the resolution was carried.

On motion adjourned.

COMMON COUNCIL.

Members present—Messrs. Cutler, Dunham, Drennan, Faulhauber, Hanna, Ingham, Kirkpatrick, Megraw, McDonald, McNeil, Smith, Slagel, Voegthy, President.

The minutes of the previous meeting were read by the Clerk and approved.

On motion, the Select Council was notified that the Common Council were ready to meet the Select in joint session.

On the resumption of the session of Common Council, the following preamble and resolution were presented and apopted:

WHEREAS, Divers complaints have been made in regard to the condition of the Gas Lamps in the First ward of the city, and the inefficient manner that they have been attended to; therefore

Resolved, That the Committee on Gas be instructed and required to investigate this matter and propose some measures to remedy the defect, and report the same.

Concurred in by Select Council.

On motion, adjourned.

JOINT SESSION.

Councils met in the chamber of the Common Council, President McBrier, of the Select Council, occupying the chair. The President announced the object of the meeting to be the re-consideration of the election held at the last meeting for Weighmaster of the Second ward. He read a communication from D. Macferron, Esq., Clerk of the Select Council, stating that an error had occurred in his tally of the election at the previous meeting. The President stated that this only proved that the most proverbially careful men would sometimes make mistakes.

A motion to proceed to a second ballot was carried. Much discussion ensued and at length the roll was ordered to be called. Before the calling of the roll the name of Mr. Baxter was withdrawn. The balloting proceeded. The result was as follows: Jas. Hunter, 14 votes; Wm. Scandrett, 12 votes. Mr. Hunter, having received the majority of votes, was declared elected.

Mr. Megraw objected to the count, as his tally made it a tie, and moved to appeal. The motion to appeal was not seconded, and a motion to adjourn was made, but not seconded.

On motion, another ballot was taken with the same result as before announced.

Mr. Hunter was declared elected, and on motion the Councils adjourned to their respective chambers.

Pittsburgh Safe Deposit.

The Safe Deposit Company of Pittsburgh was chartered last week with the following named gentlemen as Corporators, viz:

William M. Lyon, William Phillips, Henry Lloyd, Byron H. Painter, Thomas S. Clarke, Campbell B. Herron, Joseph S. Morrison, William Rea, Samuel H. Hartman, Henry W. Oliver, jr., John D. Scully, Robert H. Marshall, Robert W. Mackey and Mark W. Watson.

Books of Subscription were opened by the Corporators yesterday, at the People's Savings' Bank, Fourth street, and nineteen hundred and seventy shares were promptly subscribed. The capital stock of the Company is $100,000, with the privilege to increase the same to $500,000. After the subscriptions were closed, the stockholders elected the following gentlemen as Directors, viz William Phillips, John D. Scully, James I. Bennett, Joseph S. Morrison, William Rea, Campbell B. Herron, Henry Lloyd, Byron H. Painter and Thomas S. Clarke.

The Board of Directors immediately met and organized by electing Wm. Phillips, President, and Sidney F. Von Bonnhorst, Secretary and Treasurer. Our community, in common with the citizens of the entire State, have long felt the necessity for a Safe Depository for the safe keeping of valuables, and the institution just organized supplies the want, and we doubt not but it will prove, as it has done in Philadelphia and New York, a perfect success. The gentlemen having direct charge of the Company here, are recognized among our staunchest and most trustworthy business men, and the public may rest assured that their interests as depositors will be more than safely guarded. Mr. Von Bonnhorst, late city postmaster, the Secretary and Treasurer, is well and favorably known to all of our readers, and enjoys the highest reputation as a careful, prudent and accommodating business man, and no better selection could have been made for the office.

New Banking Firm.

Our advertising columns announce today a dissolution of the old and widely known banking firm of Hanna, Hart & Co. the senior partner, Joshua Hanna, Esq., having practically withdrawn, for the past two years, from the house here to the care of important interests in New York and New Jersey. The new firm of Hart, Caughey & Co., organized to continue the business, embraces W. K. Hart and C. P. Caughey, of the old firm. These gentlemen have heretofore for many years, with consummate prudence, untiring industry and signal success, managed the affairs of the old firm, and they bring to the conduct of the new firm a ripe experience and a tried integrity, which, with their habit of constant and close application to all the details of their large business, their high moral character, urbane manners and ample capital, give assurance of a bright and prosperous future.

Runaway.

On Wednesday evening as a party of four young men, riding in a two-horse sleigh, were turning a corner rapidly on West street, Allegheny, the sleigh overturned, and the occupants were all thrown out, all receiving more or less injuries, none seriously. The horses became frightened and started down West street at a furious speed, the driver retaining the reins until he was compelled to let go, finding his efforts useless and likely to endanger his life. At the corner of First street the sleigh came in contact with a wagon, demolishing the former and damaging the latter. Two little girls, who were crossing the street at this point, were knocked down by the horses attached to the sleigh, injuring them severely, but not dangerously. On West street a man and woman were knocked down, the former receiving severe injuries. The team belonged to Mr. Loveler.

The Would-be Wife Murderer.

Our readers have not forgotten the desperate attempt made a few weeks since by Jacob Baltzell to kill his wife Rosa Baltzell and her father Henry Streng, at the house of the latter, in the Second ward, Allegheny. Baltzell was committed to jail to await the results of Streng's injuries. The latter is now in a fair way to recover, and efforts are being made to secure the release of the prisoner. In view of these facts Rosa, the wife, yesterday made information before Alderman Strain against her husband, charging him with assault and battery with intend to kill, and also for surety of the peace. In default of three thousand dollars bail, two commitments were lodged against the accused.

No Cure no Pay.

Dennis Doyle read the flaming advertisements and hand-bills of Doctor Tumblety Indian "yarb" Doctor, and believed it them to the extent of paying thirty-five dollars, he to be relieved of certain bodily ills as the consideration thereof by the Esculapean aforesaid. Dennis alleges that the contract was not fulfilled, and therefore made an information before Alderman Strain, charging Tumblety with false pretences. A warrant was issued. The prosecution of medical gentlemen of the patent persuasion, for a failure to accomplish all they profess, strikes one as rather a novel proceeding, and attended with difficulties.

Surety of the Peace.—Philip Speider was sent to jail yesterday, by Justice Arrent, of East Birmingham, for threatening the life of Conrad Wagner.

HABEAS CORPUS CASE.

United States ex rel. Bargratius Soliman vs. Captain C. J. Dickey, U. S. A., and Wm. J. White, Warden of Allegheny County Jail. Habeas Corpus. John Bergratius, son of the relator, was committed to jail by Captain Dickey, recruiting officer in this city, as a deserter from the army. The writ was awarded on the petition of the father, who deposed that his son was a minor, between sixteen and seventeen years of age, and had enlisted in August last, without his (the father's) consent. The hearing was deferred, on motion of Billings G. Childs, Esq., counsel for relator until Tuesday next at eleven o'clock.

ANOTHER COUNTERFEIT CASE.

United States vs. Thomas Davis. Indictment, passing counterfeit national currency, with intent to defraud Charles Moritzon, tavern-keeper in East Birmingham. It was shown on the part of the Government that the accused, on the evening of the 22d of December last, Saturday, purchased a turkey at Moritzon's store, and offered in payment a $20 bill on the Fourth National Bank of Philadelphia, but left without getting his "change" or taking with him the turkey. The note he had offered was given to Mrs. Moritzon, who, as directed by her husband, took it to the office of Justice Ammon, near by, where it was pronounced counterfeit. The accused was arrested next day at his mother's house, in East Birmingham, within a square of Moritzon's store.

For the defense, John H. Hampton, Esq., Counsel, it was proven that the accused left Moritzon's store at the instance of an acquaintance named John Leissler, and went with him to Brownstown, above East Birmingham, going first to a barber shop, where they got shaved, and thence to Leissler's house, from whence Davis started to his home. On the way from the store Davis remarked to Leissler that he had bought a turkey which he had left, and also that he had not received his change out of a twenty dollar bill. It was also shown that Moritzon had said that he did not believe Davis knew the note was a counterfeit, was satisfied that he did not. He thus expressed himself to two different persons. After this evidence had been adduced, going to show the absence of "guilty knowledge," District Attorney Carnahan said he would not insist upon a conviction, being satisfied Davis was entitled to an acquittal. The jury, thereupon, found a verdict of "not guilty," and the accused was discharged by proclamation.

District Court.

Before Hon. Moses Hampton.

James Summerville vs. Guy C. Irwin. The plaintiff and defendant, January 5th, 1860, at Louisville, Kentucky, entered into agreement by which, as a consideration for certain real estate in the city of Allegheny, the plaintiff sold and delivered to defendant a lot of boards, supposed to be 300,000 feet, at $12 50 per M, to be taken in the water, and also about 180,000 shingles at $3 per M. After taking out $2,500, the full consideration for the real estate, the defendant, under the agreement, was to make to the plaintiff one note for $1,000; payable at four months, and the balance, after the lumber was measured, in another note payable to the order of Leopold Heilbruner. In pursuance of this agreement plaintiff states, in his affidavit of claim, that he delivered to the defendant at Louisville the boards, amounting to the full number mentioned, as they were in the water, and that the price to be paid therefor, at $12,50 per M, was $3,650; that he also, in pursuance of the contract, delivered amount of shingles specified the price to be paid amounting to $540, making the total amount due him $4,290. On this claim the defendant, at the time of the delivery of the timber, paid the sum of $2,500, by giving a deed for the property in Allegheny City, and in October following (1866) the further sum of $1,000, by note payable at four months without interest. The sum yet claimed to be due, and for which the suit is brought, is $1,061 30.

The defendant claimed that he had purchased the boards upon the representation that there were 40,000 feet of one inch and a half and two inch clear and first common plank, and that the residue was first quality of common lumber taken as the logs would run; but that when the lumber came to be drawn out of the water and measured, it was found that there were not more than 10,000 feet of clear and first common lumber in the whole lot, the remainder being nothing more or better than refuse boards, unfit for the ordinary purposes for which lumber is used, and in selling, he (the defendant) was forced to make a reduction in the price. The defendant further claimed that of shingles there appeared, upon counting, to be but 163,000, or some 20,000 less than represented; and further, that the plaintiff is largely indebted to him in relation to the purchase of the lumber, this indebtedness being made up of the payments made and the damages he sustained by reason of misrepresentations. He therefore put in the plea of covenant performed *absque hoc*, with leave to give in evidence the special matter contained in the affidavit of defense, and with leave to alter and amend at bar.

The plaintiff rested his case after giving in evidence the article of agreement, and proving the number of boards and shingles taken away. The defendant's counsel offered to prove a conversation, relative to the inequality of the lumber, between the plaintiff and witness called at the time the bargain was made with defendant going to show fraud. Objected to, because it interfered with and contradicted the written contract of the parties; further because it did not appear that the court was made upon the strength and faith of the representations alleged; and further, because the evidence proposed to be offered, showed that the lumber was received subsequent to the alleged declaration.

By the Court (Judge Hampton,)—No reference is made by the counsel to any one of the numerous authorities on this question, and as I have no time to examine, trusting to my recollection as to the stringency of the rule as to admitting parole evidence to alter or affect solemn instruments of writing under seal, I must reject the evidence for the present, but will hear the party on a motion for a new trial, if necessary. The case was on trial at adjournment. S. A. & W. S. Purviance for plaintiff. B. F. Lucar for defendant.

Probably Stolen.

A young man appeared at the horse market on Irwin street, on Wednesday evening and desired to sell two sets of harness to the proprietor of the Horse Market, who stated that it was after market hours and would be of no use until Saturday. Later in the evening the young man again visited the market and left the harness, stating that they were for the proprietor. Some time ago, a gentleman who resides on the hill, had two sets of harness stolen from his stable, and it is probable that the above will be identified as his property.

Attempted Robbery.—A bold attempt at robbery was made at the house of a tavern-keeper on Smithfield street, on Wednesday evening last. Three fellows obtained ingress to his sleeping apartment, and were busy in hunting up valuables, when the tavern-keeper awoke and cried out for help at the top of his voice. They told him to keep quiet, or they would kill him, and succeeded in making good their escape. There were $1,150 in the sleeper's possession, which, it is presumed, led to the attempt at robbery. No information has been made before any of the authorities.

Got Drunk on It.—Sarah S. Freet was picked up on the street yesterday afternoon in a state of vigorous intoxication. She was just drunk enough to make everything "stand around." After some difficulty she was taken to the lock up, where she received due attention. She admitted that she was drunk, and very drunk, but said that she was excusable. She had just sold $5,000 worth of property for cash down, and felt justified on getting drunk on the proceeds.

Insane Man.—On Wednesday evening, the friends of John Altzhouse, an old insane man residing in the Fourth ward, Allegheny, brought him to Mayor Morrison's office, with the request that the unfortunate man be locked up until action can be taken in the Court looking to his removal to Dixmont. He has been insane for some time and has at last become unmanageable. He is now in a cell in the lockup and will remain there until some disposition of his case can be made.

Snow Baller Come to Grief.—A man named Robert Jones, living in the Second ward, in "Pipetown," made information before Mayor McCarthy yesterday, charging J. M. McCoy, a boy of ten years, with disorderly conduct. The little disorderly had been guilty of throwing snow balls at the house of his accuser, doing some slight damage. The boy was arrested by officer Barry, and was discharged by the Mayor on the payment of the costs.

Case Settled.—On Wednesday Mrs. Johnson, wife of John Johnson, living on First street, Third ward Allegheny, made information before Justice Arent, of Reserve township, charging her husband with assault and battery. The Justice turned the case over to Mayor Morrison, and officer Bolster brought the accused to the Mayor's office, There yesterday the prisoner was confronted with his wife and the case settled to mutual satisfaction.

Coroner's Inquest.—Yesterday Justice W. H. Barker, of South Pittsburgh, held an inquest upon the body of a little girl three years of age, named Sarah Arent, whose parents reside in Brownstown. The child was in good health upon retiring to bed with her parents, but in the morning was found dead. After a careful examination the jury returned a verdict of death from suffocation.

The Skating Contest—Award of the Prize.

Notwithstanding the nature of the weather yesterday, a large crowd gathered at the Central Park, to witness the conclusion of the National contest for the championship. The ice was very good and the contest even more spirited than on the first day. At the conclusion of the programme, the judges, after deliberation, awarded the medal and premium to Mr. E. T. Goodrich, of Chicago.

Last evening a small party, consisting of the competitors, the managers of the park and a few outsiders, met at the Monongahela House, to assist at the presentation of the medal. Charles Burke, Esq., was called to preside over the meeting, and the reporters present were made Secretaries.

The presentation was made by T. A. Spence, Esq., Secretary of the Central Park Association, in a few brief but felicitous remarks.

The medal was received on behalf of the champion, by Mr. H. Potter, of the *Evening Journal*.

Mr. William Bishop, of New York, on behalf of all the contestants, returned to the Managers of Central Park the warmest thanks of all the competitors for the uniformly courteous and honorable manner in which they had been treated during their stay in Pittsburgh.

An unanimous vote of thanks was returned to the Judges for the satisfactory manner in which they had performed their duties.

Mr. Plympton of New York, Capt. Miner of Detroit, Mr. Eugler of Jersey City, Mr. Curtis of Chicago, Mr. Metzger, Superintendent of the Union Park, and Mr. Corwin, Superintendent of the Central Park, made brief remarks, after which the meeting adjourned.

The champion's medal is a beautiful gold one, manufactured by Stevenson & Son, Market street, and valued at $55. On one side is engraved a skate, surrounding which are the words, "Champion of America and Canadas." On the reverse is engraved "Central Skating Park, Pittsburgh, Pa., Jan., 1867."

At His Post.

The efficient General Superintendent of the Pennsylvania Railroad Company, Western Division, Robert Pitcairn, Esq., is again at his post at the outer depot. The heavy storms of snow kept him exceedingly busy at the mountainous posts of the roads for nearly a fortnight past, overseeing that travel was not impeded. He gained a great achievement, as the long stretch of track under his superveillance was kept in perfect order every day, and not a train was delayed on account of the snow. This was accomplished by great labor, and vigilance by day and night, and reflects the highest credit upon the management, energy and abilities of Mr. Pitcairn and his associates. The eastern division of the road was fully as well kept open, and Pittsburgh was in unbroken connection with Philadelphia during all the eventful snow season through which we have just passed.

The Pittsburgh Gazette.

FRIDAY, FEBRUARY 1, 1867.

THE Central *Press* presents the name of Judge LINN as a candidate for the seat on the Supreme Bench of Pennsylvania, to be filled next Fall.

MR. GEORGE LANDON, Senator from the Bradford district, and Mr. Lewis W. Hall, from the Blair district, are named as the successor to Mr. Buckalew in the United States Senate two years hence. Mr. George Connell, Senator from Philadelphia, and Mr. J. L. Graham, Senator from Allegheny, and Mr. Morrow B. Lowry, Senator from Erie, are already brought forward for the State Treasurership next year.

MR. THOMAS WILLIAMS, when the Civil and Diplomatic Appropriation bill was under consideration in the House, moved to strike out the item providing for the salary of our Minister at Rome. This was in view of the suppression of the American chapel, and the renewed prohibition of Protestant worship inside the walls of the city. Mr. WILLIAMS's motion was good, as far as it went, but it did not go far enough. As we said some days ago, the embassy to Rome ought to be abolished. At best ornamental rather than useful, by the march of events it has become prejudicial to Liberty, both religious and secular.

A WRITER from Harrisburg to a Philadelphia journal says:

"The East now has the Governor, a United States Senator (Gen. Cameron), the Attorney General, the State Treasurer, and the Auditor General. It has the chairmanship of all the important committees of both Houses of the Legislature, and it is more than likely that a citizen of the same section will be nominated as the candidate for Supreme Judge in place of Woodward. Indeed, you need not be surprised if the present Attorney General be called by the people to take the place of the present Chief Justice of the Supreme Court."

Remembering that the counties west of the Alleghenies furnish the entire Republican majority in the Commonwealth, this statement, which is literally true, discloses a singular condition of affairs. We beg to suggest that a mutiny is possible in this section, which shall leave the Republicans without the power to elect anybody. The "grab game" has been pushed about as far as it can be safely.

OUR STREET RAILROAD COMPANIES.

We learn that a bill has been, or soon will be, introduced into the Legislature at Harrisburg requiring the various Street Railroad Companies of Pittsburgh and the adjacent municipalities to sell passenger tickets at their respective offices in packages of ten for fifty cents, and at the same rate for larger numbers, and authorizing them to demand and receive six cents from every passenger not provided with a ticket.

The design of this bill is to simplify the accounts of the Companies; to lessen the cost of book-keeping; and to diminish the number of fiducial agents, so as to render lighter liability to loss. It will have no tendency to increase the cost of fare to the regular patrons of either of the roads; the additional cent a trip falling on those who are off their usual routes in going to and returning from business. So far, therefore, as we are able to judge the bill is reasonable and just, and will conduce to the advantage of the public as well as of the Companies.

DANGEROUS LEGISLATION.

After a somewhat careful inquiry among our friends engaged in the Oil business, we are constrained to think unfavorably of the bill read on the 18th instant in the House of Representatives by Mr. McKEE, of Allegheny. The object proposed is to regulate the inspection of illuminating oils in Pennsylvania. On the first reading of the bill we thought, in common with others, that its provisions were timely and judicious; but upon a careful consideration of the rules or customs of the trade, which are the fruits of experience and have acquired the force of law, insomuch that all large dealers in the principal cities of this country not only, but of Great Britain and the continent of Europe, are governed by them, we have come to a different conclusion.

The inspection brands of certain well-known experts in Pittsburgh, Philadelphia, New York and Boston are familiar to the dealers of Liverpool, Hamburg and Antwerp; and the market value of Pennsylvania oils in foreign countries is regulated by the character of the inspection certificates of these American experts. An invoice of American oil is often sold before its arrival, on the faith of the inspection certificates which have preceded it. The experts referred to are employed and paid by the parties interested; who would desire to have certificates from the same experts, even if officially inspected by the appointees of the Governor. To compel, by law, the inspection before leaving the refineries of all the oil manufactured in Pennsylvania would prove disastrous to the oil trade of Pennsylvania, and be of no profitable use. The evil consequences may be thus enumerated.

First. An Inspector, with Assistants, would be commissioned in every county. This is multiplying officers, not to subserve, but greatly to damage the interests of the Trade, without a particle of compensating benefits. In Allegheny county, for example, where very large quantities of oil are refined, and whence large daily shipments are made, orders for the immediate shipment of one, two or five thousand barrels of oil may come by telegraph. The sale may depend on its prompt shipment. The refiner goes to the Governor's Inspector and finds him and his assistants busy on some previous order. He cannot inspect to-day—perhaps not to-morrow. It is, therefore, impossible to have the oil at Philadelphia or New York in time to complete the cargo of an out-going ship. The sale is lost to the refiner here because of the laws. But suppose the Pittsburgh Inspector *does* inspect the order, and the oil goes forward in time. The barrels have all been handled; the bungs removed and replaced at Pittsburgh; five cents per barrel paid for a service, which is no service, because if the oil is to be sold in New York or in Liverpool, another and different inspection must be had and paid for, so that the Pittsburgh inspection has served nobody but the man whom the Governor has commissioned—practically to vex and annoy, not to foster and and advance the true interests of our People.

Second—A certain effect of the proposed law, for the reasons already intimated, will be to prevent the extension of Refining in Pennsylvania, and transfer the business to the conterminous States, where no legal hamperings are enforced. Cleveland, Buffalo, Camden, Baltimore and other cities beyond our borders will be jubilant over the passage of Mr. MCKEE's bill. Ohio, New York, New Jersey and Maryland, will as surely as this bill passes, profit largely by its malign operations in Pennsylvania.

Third—The immense oil commission business of Pittsburgh and Philadelphia, amounting to millions of dollars would be driven out of this State.

Fourth—Mr. MCKEE's bill imposes on any person not duly commissioned, offering to inspect oil, a penalty of $50, and imprisonment in the county jail for thirty days. A New York merchant wants a few thousand barrels of oil for export. It must be of a certain quality. He sends out an expert known to him for his skill and fidelity, to examine and select the oil. If he attempts any such examination the local inspector treats him to the pains and penalties of the law. The New York faction will look for future wants to the cities of some State where such laws are not in force.

—Many other considerations have been urged upon our notice. What has been said will suffice to warn our Representatives to delay action on the bill until its provisions and their effect on the trade of Pennsylvania can be thoroughly canvassed. We know that several oil merchants who signed the petition for the law, are now earnestly *opposing* its passage.

We say this, that any law that may be deemed necessary for fixing the grades or fire-test of oil for home consumption or export—and we think such a law is or may become necessary—should not be enacted by Pennsylvania, nor by any other State, but by Congress. Whatever is needful on this subject should extend equally and uniformly over all the country. No other course is safe, at any rate for Pennsylvania, than to keep her commerce in oil or other commodities divested of all clogs or incumbrances that do not equally pervade the business elsewhere. All that our Legislature can safely do is to enact a law to regulate the inspection of oil sold for consumption *within* the State. The retail trade alone is all that requires to be guarded by pains and penalties. Let every man or woman that buys a pint or gallon of oil become the informant against the vender of oil below a safe fire test, and much danger and loss of life may be averted. But place no shackles on the vast outgoing commerce in our oil.

EDITORIAL BREVITIES.

WILLIAM MINTZER, President of the Bank of Pottstown, and a zealous Republican, died on Saturday last.

A PRIVATE watchman in St. Louis was arrested in the act of robbing the establishment he was employed to guard. He proved a thief set to catch a thief.

THE St. Louis Board of Trade has adopted the cental system. There can now be no doubt but the old bushel measure will be completely done away with in this country by dealers in grain.

THE English journalists have formed a "Defence Association," to help each other out of difficulties. In this country the rule generally followed in the profession is to keep each other in them.

HARRY S. MEGRAW, ex-State Treasurer, and formerly a resident of this city, was struck down on Tuesday evening last, at Washington, with apoplexy. He was in a critical condition at last accounts.

THE Philadelphia folks are dissatisfied with the water they drink, and claim it is much more impure than that supplied any other city in the Union. Upon that score we claim precedence for the water of the Allegheny.

THE convicts of the Connecticut State prison are regularly regaled with concerts and dramatic performances, to help pass away their time. The expenses of the entertainments are borne by outside philanthrophists.

JULIUS WINKELMEYER, worth half a million dollars, died in St. Louis on Tuesday. He left all his wealth to his wife, with the exception of one dollar to each of his six children. They "will care for mother now."

THE St. Louis *Dispatch* thinks there is no earthly reason why their town should not compete successfully with Pittsburgh for the immense Southern coal trade. We think there is an *earthly* reason why it could not.

ADMIRAL TEGETHOFF, of Austria, inspected the Philadelphia Navy Yard on Wednesday. He spoke enthusiastically of League Island as a favorable place for an iron-clad naval station, pronouncing it far superior for such purpose to any harbor in Europe.

IT is stated that the Committee on Ways and Means have reported in favor of a bill allowing street railway and gas companies to collect from the public, the internal revenue tax imposed upon them. By the existing law this right terminates on the 1st of next April.

THE press throughout the country are at this late date preaching practical sermons against gift concerts and lottery schemes. The masses have already had their eyes opened, and it does no good for editors to attempt to make them any wiser than has experience and cost left them.

"BRICK" POMEROY, the vituperator of General Butler, is now in New Orleans hunting up testimony to prove all he said in his paper about the old hero to be true. Like many other editors he will find it a much easier task to make a slanderous assertion than to prove it in Court. However, one thing is quite apparent. It will be as easy for Pomeroy to find evidence to sustain his slanders as for Butler to realize anything out of a verdict for damages against his worthless defamer.

THE PITTSBURGH GAZETTE.—This staunch veteran journal celebrated its eighty-first anniversary on New Year's day. It may be truthfully said it grows better with age. It always commanded respect for its reliability and unswerving devotion to the live questions of the day, and never more so than at the present time. Within a year its circulation has been widely extended, under the admirable management of its present conductors, and for its intrinsic worth. Such has been the press of advertising, that they have been forced to add four columns to its size, making thirty-six columns of space. The erection of a new press of the most approved modern build, enables them to throw off their large edition with great rapidity and deliver to their subscribers in seasonable time. The editorial department, and indeed every department, bears the impress of careful preparation, as well as of signal ability. No better evidence of the manner its business department is conducted could be given than its present prosperity. May it prosper still more.—*Pittsburgh Christian Advocate.*

—A Washington correspondent says "protracted clerical service in the departments has a tendency to destroy the intellectual verility of the male sex and endow it with all the weaker traits of the womanly character." In other words, ten years of department clerking will come very near to making a woman out of a man.

—A jury awarded damages in the sum of $1,350 to Mary Johnson, the plaintiff in a suit brought against Thomas Johnson, a widower, aged fifty-seven years, in Brooklyn, for breach of promise. Mrs. Johnson is the widow of a Captain of the Fifty-third regiment, who was killed in the late war, and had been for the past two years in the employ of the defendant as housekeeper, during which time an offer of marriage was made and accepted, but the contract was never fulfilled by Mr. Johnson.

FIFTEEN YEARS AGO, HOSTETTER'S STOMACH BITTERS was struggling into notice against the prejudices which everything new however excellent, is doomed to encounter. TO-DAY it stands at the head of all the tonic and alterative preparations in existence. Its celebrity has evoked many imitations but NO RIVALS. Physicians pronounce it the only SAFE STIMULANT that has ever been introduced into the sick chamber. In the Hospitals of the Army and Navy, the surgeons find it the very best tonic for convalescents, and report as it invaluable for sustaining the vigor of troops on the march, as a remedy for scurvy and all scorbutic affections, and as the only specific for sea sickness. California and Australia have emphatically endorsed it as the MINER'S MEDICINE par excellence, and in Spanish America and all the tropical climates, it is considered the only reliable antidote to epidemic fever.

There is no mystery about the causes of its success. It is the only stomachic and alterative in which are combined the grand requisites of a mild, pure and unvitiated vegetable stimulant, with the finest selection of tonic, anti-bilious anti-scorbutic, aperient, and depurative herbs, plants, roots, and barks that have ever been intermixed in a medicinal preparation.

It is also proper to state that the Bitters are sold exclusively in glass, and never, under any circumstances, by the gallon or the barrel. Impostors and imitators are abroad, and the only safeguard the public has against them is to see that the Bitters they buy bear the engraved label and note of hand of Messrs. Hostetter & Smith, and the Government stamp over the cork of the bottle. ja30

TO CAPITALISTS. Lucrative Business in Pittsburgh For Sale.

THE UNDERSIGNED OFFERS for sale and immediate transfer the Lease, Fixtures, Good Will and Stock of one of the leading houses in the West combining two separate branches of business, either of which can be carried on independent of the other; one a very large cash retail business almost without a limit; the other a specialty, with but one competitor, and capable of being very largely extended, and in which no capital is required.

The profits of the business for 1866 were $13,000, and it is comparatively in its infancy, being thoroughly legitimate, and requiring but energy and attention, it is to the man of capital at once a rare and special chance.

Satisfactory reasons given for disposing of the same, and full particulars given in detail.

FRIDAY, FEBRUARY 1, 1867.

History of a Bankrupt Congressional Millionaire.

A Franklin (Pa.) correspondent of the Lewiston (Me.) *Journal* gives the following history in the case of Hon. Charles V. Culver, who has been released from imprisonment in order to take his seat in Congress:

The history of a late inmate of the jail of this town and county, (just released by a direct intervention of Congress, by virtue of his privilege as M. C.) is both romantic and of interest. Six years ago, a young man of affable address and very agreeable appearance made his *debut* in Franklin on seemingly small, (and reported) borrowed capital. By letters of introduction from most honorable parties, by a suavity of deportment that at once won and retained a large circle of acquaintances, by an unobtrusive yet zealous interest in the Methodist Church, and occasional exhibitions of charity, magnificent when compared with the gifts of his neighbors, this young man rapidly gained popularity and branched out into larger spheres of business. New York City became familiar with his name, and Wall street always responded liberally and promptly to his call for specie and bonds. All at once the speculative excitement sprang up, and the Wall street banker and Franklin banker drew vivid pictures of progress and wealth. Indeed, he was elected to our National Congress from this district, and is now a member of the Thirty-ninth Congress, an honor given him by an admiring constituency. Reno, a flourishing town in the oil regions, was founded by him, and its principal street now bears his name. A railroad, costing $1,500,000, was laid out and built and equipped under his control and at the expense of his pocket, General Burnside, of Rhode Island acting as Civil Engineer.

A private residence was fitted and furnished luxuriously with ornaments of oil paintings and rare works of arts. Wild lands of Illinois and Indiana were bought up, and the deeds thereof were sold at bargains in the broker's office, and Sir Morton Peto and party were *feted* by him with prodigality. Confidence in him and credit to him seemed without limit, until a few months ago a heavy and sudden draft on his New York house found not enough funds in his safe, and Culver, Penn & Co. were reported as having failed to the amount of $6,000,000 indebtedness. Mr. Culver, who was the financial agent and manager of the concern, confesses to the indebtedness of $4,000,000. It is due to Mr. Culver, whom we had believed to be of honest purpose, to say that his neighbors here generally accredit him with no disposition to concealment, and believe him to be the victim of wild and visionary schemes that have their first origin in the atmosphere of the New York stock markets, rather than a predisposed swindler

And while he might have availed himself of his Congressional privileges to secure release from imprisonment long ago, he preferred to meet his wrong in manful confession of it, due reparation as far as was in his power, and patient submission to the punishment of the Courts, and was only released last week on the demand of the Sergeant-at-Arms of the United States House of Representatives. It is a strange, sad spectacle. The millionaire of yesterday is penniless to-day, and even his household effects have been knocked down by the auctioneer.

Pittsburgh Coal in Cincinnati.

The Cincinnati *Gazette* is discussing the coal question, as regards the impending high price of the article, and the consequent effect upon the poorer classes of that city. It says: "The retail price of Pittsburgh coal is up to 20 cents per bushel, with a decided upward tendency. This is not up to the highest figure of the war; but labor being scarce, and money harder to obtain, twenty cents is as much now as thirty cents was two years ago. This being the case, it is time for the city to begin to think about opening its yard, for the purpose of selling to those least able to pay high prices. There are one hundred thousand bushels on hand. When the river opens coal will fall to fifteen cents, and probably lower. It is a good time therefore to work off this stock. Its sale at this time would be a benefit to the city and consumers. The act of Legislature, authorizing this coal business, prohibits the city from selling at less than twenty cents. This needs amendment. The coal should now be sold from the yard at not over fifteen cents. This would make a loss for the city; but the object in buying it was not to make money, but to guard against an emergency such as is now upon us. It has served heretofore to protect the people against exorbitant prices. It may be used to advantage now in the same direction." During the fall months, the Cincinnati people congratulated themselves upon an excessive supply of coal in the hands of private dealers, and pointed to the fact that Pittsburgh coal sold in Cincinnati, at a less price per bushel than it did in Pittsburgh. But the long continued cool weather, and the closing of the river, has reduced the supply and enhanced prices. The promised February thaw, will doubtless make all things right for our Cincinnati friends. There will undoubtedly be a freshet in the Ohio, as soon as the snow goes off, and large shipments south from this point.

Interesting Oil Question.

The Harrisburg correspondence of the Philadelphia *Ledger* contains the following: "There are numerous oil companies organized under the laws of this State, whose property is beyond our borders. To save appearance they have purchased a few acres in Pennsylvania, but under statutes they are taxed upon the full amount of their capital stock, dividends and income. They have prepared a bill requiring the Auditor General, when not more than one-tenth of their real estate is in this Commonwealth, to charge but one-tenth the taxes, now collected. This reduction, however, cannot be made unless the President, Treasurer, and a majority of the Directors shall be citizens. The bill is now being considered by a committee.

Remarking upon this the Titusville *Herald* says that during the oil excitement in 1865, many persons who organized companies fixed the par value of their stocks far above the subscription price, and naturally at an enormous increase over the actual cost value of the property. This stock having passed into the hands of innocent third parties, they are now obliged to pay taxes upon its fictitious or par value. This in under the act regulating mining companies organized under that law. It is now proposed by Mr. Whann, representing Venango county, to require tax only to be levied on the amount of capital stock actually "paid up," this tax to be collected out of the first net earnings of the companies, and before any dividends are declared.

Frozen to Death.

On Tuesday last, at an early hour, Mrs. Margaret Jones was frozen to death between Cleveland and Newburg, under the following circumstances: She and a man named Thomas, started from Cleveland, to walk to Newburg, both being under the influence of liquor; they became unconscious of their course, got off the road and wandered about several hours seeking to find it, until Mrs. Jones, too fatigued to walk any farther, dropped upon the snow. Thomas says he urged her to try walking again, but in vain. He, too, perhaps from an overdose of liquor, laid on the snow near Mrs. Jones until four o'clock in the morning, when he awoke, and comprehending the situation, made great efforts to save Mrs. Jones, though scarcely able to walk himself.

Mrs. Jones is a resident of Sharon, Pa., where her husband and a large family of children are living, and was upon a visit to her two daughters at Newburg. She was sixty years of age.

Beaver Valley Railroad.—At the annual meeting of the stockholders of the New Castle and Beaver Valley Railroad Company, at their office in New Castle, on Monday last, the following gentlemen were elected to manage the affairs of the company for the ensuing year: President—A. L. Crawford, of New Castle. Directors—G. W. Cass, of Pittsburgh; R. W. Cunningham, William Patterson, of New Castle; John M. Crawford, of Philadelphia; Wm. M. Scott, of Erie; Wm. Hadaugh, of Pittsburgh. Treasurer—Jas. A. Crawford, of New Castle. Secretary—J. W. Blanchard, of New Castle.

Accident at Lawrenceville.—On Wednesday afternoon, a large sled, on which were seated four or five boys, came down Allen street with fearful rapidity, and when crossing the track of the Citizens' Passenger Railway, on Butler street, struck an aged man named John Shultz, smashing his right leg to a jelly. The injured man was carried into the office of Dr. Smith, who, assisted by Dr. Jacoby, amputated the leg below the knee. It is probable that death will be the result of the injury, as the unfortunate sufferer is advanced in years, and of feeble constitution.

Water-works in Hollidaysburg.—The *News* announces that the $40,000 water loan has all been taken, the pipes have already been contracted for, and as soon as the Spring opens the work on the water works will be commenced and pushed with vigor. By early Fall they hope to have the pure mountain water of Roaring Run coursing through the streets of Hollidaysburg, giving health and happiness to the people.

Railroad Accident.—One day last week, Charles O'Hara, a conductor on one of the freight trains between Altoona and Pittsburgh, fell from one of the cars as the train was about starting from Gallatzin. In falling he caught hold of the bumper of the car, and was thus dragged a considerable distance. Both his legs were broken, and one was crushed so badly that it had to be amputated. He lives near Cresson, and was taken home.

Oil in Lawrence County.—The Lawrence *Journal* of the 26th inst., says: On the 8th inst., a company of our citizens struck oil on the Slipperyrock, in this county, which it is supposed will yield at least fifty barrels per day. They have taken out their tubing and will soon have the well in operation. The well is located a few rods above the Lawrence well.

Shot.—William Cooke, of Milesburg Clearfield county, Pa., last week shot three young men who, with three others, had dragged him from a house where he was visiting some female friends, with the intent of ducking him in the canal. It is stated that one of the men shot by Mr. Cooke has since died.

Serious Loss by Fire.—The dwelling house of Daniel Withrow, at Morgan's Factory, in Jenner township, Somerset county, was consumed by fire last week. Mr. Withrow lost all his effects, including $1,500 of government securities. No insurance.

Horse Thieves have been committing their rascally depredations in Somerset county. Some of them have been captured, and are now in jail at Somerset.

Death by Starvation.

The Beaver *Argus* stands responsible for this narrative: "A few days ago, a woman in Darlington, Beaver county, died very suddenly, under the following circumstances: Her husband was an artist by occupation, and with his family had recently moved to that place from Pittsburgh. He went out in the evening, as was supposed, to procure provisions, and on his return found his wife dead in her chair. A *post mortem* examination, taken with the fact that nothing in the line of food could be found about the house, save a small quantity of corn meal, led to the conclusion that she died of starvation."

A New Masonic Temple.

It is announced that the Grand Lodge of Free and Accepted Masons of the State of Pennsylvania have made arrangements to purchase the lot of ground in Philadelphia, on the east side of Broad street, extending to Juniper street, and bounded on the north and south by Cuthbert and Filbert streets, one hundred and fifty feet front by two hundred and fifty feet deep. Possession is to be had on the first of July, when it is intended to begin the erection of a magnificent Masonic temple, to cover the entire lot. This fine new building will be immediately north of Penn square.

A Good Law.—A wise enactment was passed by the Legislature, which may not be generally known. It provides that any person "who shall receive or buy from minors, unknown or irresponsible parties, any scrap iron, brass, lead or metal, shall be sentenced to pay a fine not exceeding five hundred dollars, and undergo an imprisonment of not more than one year, or both, or either." This makes it criminal to buy or receive from such parties, irrespective of whether it was stolen or not, and removes from children the temptation to pilfer.

Judge Acheson.—This gentleman, recently elected Resident Judge of the District composed of Beaver and Washington counties, presided, for the first time, at the Court of Common Pleas, held at Beaver last week. During the week, the members of the Beaver bar and the officers of the Court gave a complimentary supper to the Judge. The *Argus* says: "Judge Acheson has made a very favorable impression upon our citizens, not only by his judicial ability, but by his courteous and affable demeanor."

Oleaginous Justice.—A man was arraigned before a Justice of the Peace in Oil City, last week, upon the charge of stealing an oar. The charge was proved and the offender was required to pay the complainant the value of his property. The Justice was urged to affix a suitable penalty for the crime of theft, but His Honor stated that "stealing was so common now-a-days that he didn't blame the defendant on that account."

Profitable Cows.—Mr. John R. Gordon, of Uwchlan, Chester county, is the possessor of two cows, which produced from the 1st of last January to the first of the present year, 440 lbs. of butter—which at wholesale netted him $233; allowing him two pounds per week for his own use, and putting twelve pounds down for winter, and the milk and cream necessary for the family. The calves were sold for $37.40.

Robbery in Beaver.—On Sunday evening last, some one entered the house of Mr. James Crawford, at Beaver, and rifled a carpet sack belonging to Mr. John Rosenberger, who is at work for Mr. C. The carpet sack contained about sixty-five dollars in money, besides his clothing, all of which were taken by the thief. The clothing, with the exception of a vest, were found in the stable next morning.

Making a Clean Breast of It.—John Franklin Worley, a resident of Oil City for about two years, and who died there a few days since, while on his death-bed confessed to his wife that he had another wife and two children, living at Janesville, Clearfield county, and whom he had left four years ago. He leaves two children with his last wife.

Protective.—A vigilance committee has been organized on Dennis Run for the purpose of clearing out the desperadoes.

Fenianism.—A Fenian Circle has been organized at Tidioute, and forty men enrolled.

MY POLITICAL PLATFORM.

Kind friends and patrons all, I ask your close attention,
I have a stock of Boots on hand, thousands of different sizes,
Which I can well afford to sell at the very lowest prices.
A lot of Boots and Shoes, of French and German leather,
Which none would be afraid to wear, in coldest winter weather.
My Ladies' Boots are of the best, it really is surprising,
That I can sell so very cheap, while prices still are rising.
My stock is of the very best the trade did ever produce,
My Shoes are the cheapest since the prices I did reduce.
Then seek your own advantage and come to me and buy,
And when my stock is all sold out I'll get a fresh supply.
Since money is so plenty now, and greenbacks in good credit,
Do come and buy some bran new Shoes, you never will regret it.
Cold winter now is at the door, when the old year has ended,
And if your shoes have sprung a leak, do come and get them mended.
Then call at the popular Shoe Palace Emporium, Nos. 35 and 38 Fifth street.

Amusements.

THE ITALIAN OPERA.—Yesterday the sale of reserved season seats for the grand Italian Opera which opens at the New Opera House on Monday next, took place and a large number were disposed of, going to show that the success of the company will be brilliant. To-day at Messrs. C. C. Mellor & Co.'s Music store, the sale of reserved seats for any of the nights of the Opera will take place, and we advise all of our readers to promptly attend as from the *furore* already created in fashionable circles with the promised advent of the great Strakosch company, we anticipate an unprecedented rush for favored places.

MASONIC HALL.—The inimitable Fakir of Vishnu, who has been holding our people spell-bound in his wondrous feats of enchantment, was greeted with an immense audience last night, while hundreds were turned away from the door unable to gain admittance. The distribution of gifts was much larger last night than heretofore, as the Fakir is determined to share with the people his great prosperity. The chief prize, an elegant sofa, was drawn by Miss Emma Acor, of 93, Taylor Avenue, Allegheny. To-night a handsome hat-rack and a live pig will be the principal prizes. Many other gifts are offered. Go early to get seats.

NEW OPERA HOUSE.—A large, highly appreciative, and fashionable audience greeted Miss Helen Western, last evening, at the New Opera House, she appearing in Blackstone's play of Green Bushes. To-night a good bill is offered, and as this talented actress' engagement is rapidly drawing to a close, our theatre-going community should attend. The stock company is very excellent, and reflects much credit on Manager Henderson, who leaves nothing unturned to render the Opera House a first class place of amusement.

THEATRE COMIQUE.—This place of amusement is drawing good houses, and the managers are unceasing in their labors to nightly add new attractions. The ballet girls still hold forth, much to the satisfaction and apparent amusement of the audience. Dick Sands, the great clog dancer, appears every night, and is a good big card for the establishment. As the ranges of prices are cheap, we know of no place of entertainment in this line equal to the Theatre Comique, nor indeed of any which approaches it.

A Wife Beater.

Margaret Fare, living near the outer depot in Allegheny, made information before Mayor Morrison, on Wednesday, chargin her husband, Frederick Fare, with assault and battery and disorderly conduct. She alleged that he had beaten her badly, and had acted in the most disorderly manner in the house, tearing up the furniture and turning the house topsy turvy. Officers Hess and Scott proceeded to the house but found not the disorderly husband, but only a marvellously disarranged household. Officers Campbell and Nixon traced the accused to a house on East lane and there arrested him. Yesterday morning his wife came to the office, when the prisoner begged and plead with her to take him back again to her good graces and not prosecute him. He even got on his knees to her and wept. Of course she relented, and the erring man was forgiven. The matter was settled and they departed together.

Before Justice Ammon.—Yesterday, Justice Ammon of South Pittsburgh, committed John Schmiltley to jail, in default of a $1,000 bail, to keep the peace toward all men, and more especially towards Henry Shaffer, the complainant.

Henry Leuning made a complaint before the same magistrate, against Thomas Henry, for surety of the peace, the defendant was committed in default of bail.

False Pretences.—Lewis Myers made an information before Alderman Strain yesterday against Dorter Lazier for false pretences. The Dorter obtained board from Lewis to the amount of $81.00 on the strength of alleged remittances expected from Germany. Hope deferred made the heart of Lewis sore, hence the information for fraudulent pretences. A warrant was issued.

Released.—Thomas J. Thomas was yesterday released from prison on bail. He had been committed on a surety of the peace charge by Justice Barker, of South Pittsburgh.

Henry Oehme, committed some days since to jail, for assault and battery, by Justice Arent, of East Birmingham, was yesterday released on bail.

Remonstrance.—Yesterday, Acting Assistant District Attorney Flack, left the city for Harrisburg, with a remonstrance against the passage of the bill now before the House, creating the office of Assistant District Attorney. The remonstrance was signed by the great majority of the lawyers of the city—numbering over eighty names.

Accident.—Yesterday afternoon a young lady, whose name we did not ascertain, slipped, as she was passing along Ross street, near Fourth, and fell to the pavement, breaking her ankle. She was taken up and carried into a house near by, where she received proper medical treatment.

Drunk in Allegheny.—Mayor Morrison yesterday disposed of one "common" case. A drunken man, far advanced in the stages of "goneness," who was picked up on Federal street. He was fined and liberated yesterday morning.

Hearing.—This morning, at ten o'clock, a hearing will be given by Mayor McCarthy in the case of Wm. Adams and John. Stevens, charged with the robbery of the Great Western Gun Works.

Alderman Strain yesterday issued a warrant for the arrest of L. Wagoner, for threatening to cut open the head of George Waltz.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, Jan. 31, 1867.

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 134¾@135¼; Eighty-one bonds, 107½; Five Twenties, old 107½; Five Twenties, '65, 105¾; Five Twenties, new, 104½; Seven Thirties, 104¾; Cleveland & Pittsburgh, 77; Pittsburgh, Fort Wayne & Chicago, 94½; Erie, 54½; Michigan Southern, 69½; Chicago and North Western, 34½; Chicago and North Western preferred, 61; Chicago and Rock Island, 93⅞; Western Union Telegraph Co., 43¼.

One report from Washington is to the effect that "Mr. Randall's bill to create a sinking fund and to retire the national currency, cannot pass the House, as there are two members who voted for it in committee who will probably oppose it when it comes up in the House, on the grounds of inexpediency at the present time. The Committee on Finance of the Senate have not arrived at any definite conclusion on the subject of the Gold bill; and, at present there appears to be but little disposition to interfere with the powers of the Secretary of the Treasury on the subject."

—The receipts from internal revenue on Saturday amounted to $556,000, making a total of nearly $3,500,000 for the week. The aggregate receipts since July 1, 1866, up to this date inclusive, reach the sum of $181,131,751 06. It will be observed that the total receipts for the week are an improvement on those for the previous one by considerably over $1,000,000. The receipts have not yet reached the daily average estimated, being influenced by the present agitation of the tariff bill, and the degree of uncertainty attending it. It is believed that the receipts from the several cities in which investigations in revenue matters were largely made by official committees will be larger than formerly, consequent upon the result of those investigations, and the measures taken for the protection of the public interests in this respect.

—We have received the report of a special committee to the Detroit Board of Trade, on the currency question, in pamphlet form. The sentiment of the committee is embodied in the following synopsis, which, we may add, represent the views of the great majority of the western trading classes:

"Greenbacks and National Currency satisfactory, and should not be destroyed. The circulating medium not 'redundant.' In the present situation immediate resumption certain disaster. Let it come when the balances on foreign trade invite it. Revenue of Government, under existing laws, over $200,000,000 more than required. The certain road to speedy resumption without injury or disaster, a higher tariff on imports and a reduction on Internal Revenue taxation. The public debt should not be paid by the present generation. In favor of a free National Banking law."

We endorse the recommendation for a reduction of taxation, and concur in the remarks touching the public debt and a free National Banking Law.—*New York Shipping List.*

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, January 31, 1867.

The produce markets present no new characteristics worthy of special notice. The operations in most, if not all of the leading commodities, are of an unimportant character, the demand being restricted almost entirely to supplying the wants of the retail trade.

GRAIN—Wheat is dull, and there is not enough doing to establish quotations. Corn is dull, with small sales, in store, at 75 to 80. Sale of 900 bush Oats, to arrive, at 47; small sales, in store, at 50 to 52. Barley is in demand at 90 for No. 1 Spring. Prime Penna and Ohio Rye is selling at $1,20.

FLOUR—Continues dull and a little weak, but prices are nominally unchanged. We continue to quote at $12,25 to 12,50 for standard Spring Wheat brands; $13,50 to 14,50 for Winter Wheat; and $16 to $17,00 for fancy St. Louis brands. Rye Flour is still quoted at $7,75 to $8,00 per bbl, and Buckwheat at $3,50 to $3,75 per cwt.

PROVISIONS—Sales of 2000 lbs Shoulders at 11½ to 12, and 3000 lbs Sugar Cured Hams at 16½ to 16¾; 15 tierces Leaf Lard at 12½ to 12¾. Mess Pork is dull, but held very firmly at former quotations.

OIL—Sales of 45 bbls No. 1 at $1,10 to $1,12, and 25 bbls No. 2 at 87 to 90. Demand fair, and market steady.

HAY—is in better demand, and firmer, but not quotably higher; sale of 3 car loads, prime baled, at $26.

BUTTER—There is a fair demand for prime Roll Butter, and we can report small sales at 30 to 33.

EGGS—Fresh packed in fair demand, and but very few in market—sales reported today at 30 cents, and same price offered for more.

ASHES—Firm but unchanged; sales of 25 tons Soda Ash at 5¾ to 6, and 4 tons Pearls at 14.

APPLES—In steady local demand, and we can report sales, in store, at $3,50 to $4,50 per bbl, as to quality.

POTATOES—Quiet and unchanged; small sales of prime Peach Blows, in store, at 90c per bush.

SEEDS—Flaxseed is in demand at $2,62 to $2,65, and but little offering. Timothy Seed quoted at $3 to $3,25, and Clover at $8 to $8,50.

DRIED FRUIT—Dull, with a supply considerably in excess of the demand—small sales at former quotations.

BEANS—Small sales prime at $2,75.

PIG LEAD—Sale of 200 pigs at 10¾.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, January 31, 1867.

CRUDE—The market remains in pretty much the same condition it has been in for some time past, dull and weak, with but comparatively little offering, and not much disposition manifested on the part of refiners to contract ahead at present prices. Smith's Ferry oil is selling, on the spot, at 7 to 7¼, packages returned, and 12 to 12¼, packages included, and for the present, these may be regarded as the extremes of the market. We can report a sale of five thousand barrels, Venango oil, for March, April and May delivery, at 8½, and we are cognizant of one other offer having been made to buy a limited amount for same delivery, at same price. On Wednesday, we heard of a number of offers to buy at 8½, while, to-day, 8½ appeared to be the best offer, and there are not very many buyers even at that.

REFINED—There was not a single operation in bonded oil to-day—indeed, so far as we have been able to learn, there has not been a single sale this week. There were some transactions reported on Mondday, but thees were effected on last Saturday. On the spot, quotations may be fairly given at 21½ to 22, on cars here, and 27¼ to 28, delivered in Philadelphia, and while there are but very few, if any, refiners at present willing to sell for these figures, yet, we are assured that they are the best that can be obtained. March may be quoted at 30¼; 31 for April; 32 for May; 33 for June, and 34 for July. Free oil is quiet and unchanged—small sales of standard at 43 to 44.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, January 31, 1867.

CATTLE.

The market for cattle was quiet, though somewhat firmer than last week, in consequence of a limited supply and light arrivals, and in the aggregate, the transactions were comparatively light. There were but very few good cattle on sale, and while 6¼ to 6½ cents are the highest prices reported, we are cognizant of an offer of 8 cts for the privilege of picking out one car load, and refused—the whole drove was offered at that price and refused. The Philadelphia buyers bought sparingly, and only at low figures, while so far as we could learn, there was not a single representative from either New York or Baltimore. Had there been a big run of stock, the market this week would undoubtedly have been the hardest of the season, as the advices from the east were of the most unfavorable character. The quality of the cattle on sale was inferior, generally speaking, and while good to prime grades sold without much difficulty at full prices, common and inferior cattle, as has been the case for some time past, dragged, and apparently, were almost unsaleable. Mixed stock, such as common cows and rough oxen, sold at 4¾ to 5 cents, while, as we have already stated, eight cts was offered and refused for a car load of extra.

SWINE.

The receipts of Hogs have been comparatively light this week, and with a fair demand and a limited supply, prices, compared with last week, have advanced fully ¼ to 1 cent per pound, and we now quote at 7¼ to 7¾, gross, against 6¼ to 6½ last week. To-day, shippers were not disposed to operate very freely, alleging that there was no margin between here and the east—7¼ to 7½ here. while 7¾ to 8 cents, is all that can be obtained in New York. Gilchreist & Co., bought 1323 at 7,40 to 7,50 for Philadelphia; and 624 at 6¾ to 7 for Baltimore; Singer & Imhoff bought 800 for Philadelphia at 7,37 to 7,50; and 350 for Baltimore, 6,60 to 7,25; Cronse Emerick & Co. bought 475 for Philadelphia, at 6,35 to 7,25.

SHEEP.

The market for Sheep during the early part of the week was firm, with a demand in excess of the supply, and prices ruled a shade higher than last week, but since then, under the influence of increased arrivals, the market was a shade easier yesterday and to-day, and prices, although unchanged were barely maintained. Erisman & Co., report having bought during the week about 2000 head at 5¾ to 6½, and Hesser bought 15 car loads in all, at prices ranging from 5 to 6½. Crawford & Cameron sold a drove averaging 95 lbs, at a fraction over 6 cents.

RIVER NEWS.

The weather has once more undergone a complete change. Yesterday it was mild and thawed rapidly all day, and towards evening there was every appearance of rain. It did the same thing not long since, and then just as suddenly turned very cold, and it is just as likely to do so again. Generally speaking, our people would like to see "G. A's." predictions realized—our rivers to remain closed until early in March.

We have alluded already to the fact that a line of packet steamers has been formed between here and St. Louis, and we have now to add that it may be regarded as a fixed fact. Fourteen boats have gone into it, and operations will be commenced immediately upon the resumption of navigation, two boats leaving here every week—one on Wednesday and the other on Saturday. The board of directors are men of the right stamp, as will be seen by the names: Capts. Wm. Dean, John L. Rhodes, Samuel Shuman, and James Rees. The Superintendent, Capt. C. L. Brennan, is a gentleman in every way qualified for the position and the same can be said of the Treasurer, General Wm. A. Caldwell. The following named boats comprise the Line:

Silver Cloud No. 2, Capt. J. B. Conway; Maggie Hays, Capt. D. L. Hendrickson; Ezra Porter, Capt. J. H. Porter; Lorena, Capt. Sam Shuman; Yorktown, Capt. G. W. Ebbert; New York, Capt. W. G. Collin; Silver Lake No. 3, Capt. J. Todd; Wananita, Captain Thomas Shuman; Kate Putnam, Capt. J. H. Lightner; Kate Robinson, Capt. Robt. Robinson; Importer, Capt. John Noss; Armenia, Capt. A. C. McCallum; Columbia, Capt. G. W. Reed; Messenger, Capt. Jesse Dean.

In Mobile on Saturday last the United States Marshal, acting under instructions from the United States District Attorney, seized all the steamers lying at the wharf for an alleged infraction of the law of Congress prohibiting vessels from carrying cotton not covered with tarpaulins. On Monday the New Orleans mail boat and river steamers, which arrived during the day, were also seized. They were released by the Marshal after being placed under heavy bonds and paying the fine imposed.

EVANSVILLE, January 29—7 P. M.—EDS. COM.—The weather was cloudy with a light snow falling all day. It is moderating a little. The river is falling slowly. The ice is in large fields and very heavy, but not so abundant. Nothing has passed in the shape of a steamboat, through the gorge at Dutch Bend since Sunday. The ice, at times, stopped running there yesterday. The Liberty No. 2 and another boat, the Sam Parker or Mepham, passed Mount Vernon at 1 o'clock en route to this port. The Armada is firing up to follow them through the gorge if they succeed. Freight for the South is rapidly accumulating here. The wholesale houses are crowded with goods, packed on orders for shipment on the opening of navigation.

The Postoffice Department at Washington has just ordered the payment of $20,000 to Capt. Ed. Hart & Co., of Memphis, for the transportation of the mails from Memphis to Duvall's Bluff, from July, 1863.

We take the following from our Louisville exchanges of Tuesday:

Mr. John Jourdan, one of the oldest pilots on the river, died at his residence yesterday, aged sixty-five years. His age and the rough work of his earlier days has told on his constitution, and for years he has done but little on the river. During the rebellion Mr. Jourdan served as a pilot on several vessels connected with the Mississippi Squadron. So drop off one by one the men whose earlier lives were passed among the pioneers who had the energy to settle the then wilderness, where, in later days, a city has been raised. They were the links between the past and present. May those who are now the vigorous exponents of the present day be as regretted when they are no more as Capt. Jourdan will be by all who knew him. May the turf rest lightly o'er his head as he sleeps on the banks of La Belle Riviere.

We announce the arrival of several boats from lower ports yesterday, all of which have gone into winter quarters at the foot of the falls, and the crews paid off. This includes the J. H. Groesbeck, Kenton, Lida Norvell and Emma Floyd. The Argosy has been laid up at the head of the canal. The Darling and B. L. Hodge No. 2 are at the Portland wharf, together with the Tempest, the latter having lightened the Darling over the falls. It was stated last evening that Captain Chenoweth had determined to push on with the Darling for Memphis. The Clifton that arrived from Cincinnati yesterday, reports the Silver Spray, bound for New Orleans, laid up at the foot of Vevay Island. The river was reported gorged by ice at the head of Six-Mile Island last evening. The Jeffersonville ferry boats were making occasional trips yesterday, although the ice at times was very formidable. All the coal boats and barges at the wharf, the tow-head and the bend were safe up to last evening, though still beset with ice.

FIRST SETTLER MUSCANTINE, IOWA.—Colonel John Vanater was the first settler. He ran off from his parents (who resided in Beaver county, some forty miles from Pittsburgh, Pa.,) about the year 1813, he being an uneducated boy of some sixteen years of age. He enlisted and served some five years in the United States army. He, with several others, were discharged at Green Bay, when they started on foot for Pittsburgh, Pa. A great portion of the way they traveled on an Indian trail. For several days and nights they found no other substence than some nuts and berries. In 1825-26 he was a hand on my keelboats running between Pittsburgh, Pa., and Wheeling, Va. He was a good, sober man, and a good hand. I lost sight of him from that time until 1831, when coming up on a steamboat, I saw his cabin where he had made a location some years before (in 1828) on the land where the city of Keithsburg is now situated. He established a wood-yard there, which was one of the first wood-yards located above Quincy, on the Mississippi river. He rendered efficient service in the Black Hawk war.

PURE CALIFORNIA WINES.

GURNER & CO.,

No. 80 Cedar St., New York,

Offer for sale these valuable Wines, which are gaining public favor with astonishing rapidity, and whose unprecedented and unrivalled popularity is not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of blood they excel all other Wines, and the numerous certificates which have voluntarily been tendered from the most eminent physicians, and from gentlemen in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.

The following brands are now offered by us. They comprise all the varieties now grown in the State suitable for sale:

WHITE, or HOCK WINE—Of a light straw colored, very delicate and fine flavored.

CLARET—A superior wine for table use.

ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine desert wine, and well adapted for Communion purposes.

MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.

PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.

GRAPE BRANDY—The pure distillation of our wines.

WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhea.

This is one of the most valuable combinations of useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome addition to the invalid table, the family circle, and the bachelor's sideboard. Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner, whose stomachs are out of order, and whose systems are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.

It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.

It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.
